Charitable Funds have to be accounted for in a different way from other mainstream funding and are subject to a different set of rules and guidance. The control and management of these Charitable Funds is the responsibility of the Trustees, who as the Trust Board of Fitmums and Friends delegate responsibility to Fitmums and Friends' Management Team.

3. Fundraising by Employees, Members and Volunteers

Participation in fundraising activities by staff is voluntary and should not be imposed on individuals. The existing insurance arrangement covers the charity for certain ‘low risk’ fundraising activities, however approval must be sought from the Management Team prior to the commencement of the activity. Any event not covered by this policy must obtain its own insurance cover and be approved by Fitmums and Friends’ Management team.

4. Use of Donations

Fitmums and Friends operates a central Management Team that co-ordinates, administers and promotes all aspects of the charity. This operation requires financial support from all donations received to Fitmums and Friends. In support of this function, a contribution from fund raising at Branch level will be applied to the processing of all funds raised which is reinvested directly back into the charitable operations of Fitmums and Friends consistently with the aims and objectives of the charity. The contribution will be 20% of all funds raised however where the amount raised is £100 or less no contribution will be required. The contribution from Branch to central charity will be capped at £1000 meaning that as a maximum no more than £1000 will be claimed by the central charity. Funds will be deducted at source.

Contributions from Branch fundraising events

| Amount raised by Branch | Contribution to central charity |
|-------------------------|--|
| £100 or less | None |
| More than £100 | 20% of total funds raised above £100 <i>e.g. £200 raised, £100 ringfenced for Club, 20% of £100 to central charity i.e. “</i> |

General Policies Regarding Use of Donations

On receipt, all donations should be processed through the sponsor database, which is maintained by the Management Team.

If supporters wish to make a donation to a specific area of Fitmums and Friends' work (e.g. a particular event), then they make a specified donation by providing written instruction to this effect with their donation. Fitmums and Friends will always respect this. If Fitmums and Friends is unable to accept the request for the specified donation and the sponsor does not want the donation used in any other way Fitmums and Friends will refund the donation. Fitmums and Friends in deciding whether to accept or decline a donation will consider the charity's best overall interest and will not accept donations from donors whose activities appear to be in direct conflict with our charitable aims and objectives. Fitmums and Friends will not accept any donors which:

- i. Restrict use based upon age, race, colour, sexuality or sex or any other protected characteristics.
- ii. Gifts associated with unsuitable products, corporate and individuals e.g. steroids and tobacco

Additionally Fitmums and Friends will not knowingly undertake business with companies or individuals who participate in activities which could cause detriment to the charity's reputation.

To engage a sponsor Fitmums and Friends may offer them benefits related to the size and frequency of the donation, appropriate for the organisation to be giving and proportionate to the size of the sponsorship.

5. Acceptable Fundraising Activities

The proposed activity should not attract adverse publicity for the Fitmums and Friends. All events that have an added health and/or wellbeing benefit for participants are positively encouraged.

Before fundraising activity can be initiated approval must be sought from Fitmums and Friends' Management team.

All fundraising publicity must state quite clearly how the fundraising will benefit Fitmums and Friends and where further information of Fitmums and Friends fundraising policy can be located.

- The Management Team deals with all contracts regarding legacies.
- The Management Team will notify the Trustees of the potential legacy and seek legal advice should there be requirements around the Will/bequest.

Sponsors may be allowed to make pledge commitments to be paid over a specific period of time or when it is appropriate for items to be bought upon receipt.

m) Donor research

Research on donors and prospects is an acceptable and intrinsic part of fundraising. Data surrounding individuals and companies who wish to be associated with Charitable Funds will be stored in a confidential file by the Management Team. It must be stressed that any approaches undertaken by Fitmums and Friends will be handled in a sensitive and appropriate manner and comply with current data protection legislation.

n) Database of donors

Fitmums and Friends shall seek details of donors which may be used to solicit support. Requirements vary depending on the type of communication with sponsors and what information is being processed. For example, supporters need to opt-in to receiving electronic marketing communications whereas direct mail can be sent with an opt-out. The Code of Fundraising Practice sets out the key legal requirements and best practice standards for a range of fundraising techniques. Of particular note in relation to data protection are the Digital Media, Telephone Fundraising, and Direct Marketing sections of the Code, as well as the Data Protection Legal Appendices. (<https://www.fundraisingregulator.org.uk/code-of-fundraising-practice/code-of-fundraising-practice/>)

o) Fundraising Activities

The Code of Fundraising practice recommends that organisations adhere to the most rigorous interpretation of the law applicable to an activity. Though the Code is intended to be comprehensive, fundraising events take many forms and as such the Code may not cover every aspect of a particular event. Event organisers should contact the Institute of Fundraising for further information if this is the case.
