Please note that it is possible for Coaches and Clubs to enter athletes, in order to do this they will need to create a "Stripe" account and set it up as a manager then add all the athletes that they wish to manage. Once they have created this they can then enter all the athletes that they have signed up to manage. Parents can also do this if they have more than 1 child.

This platform is being used by England Athletics now and they are pushing it out to clubs so it is likely that more and more events will be using it in the coming months.

Kingston upon Hull are now using it for their Open meetings, Humber and Lincolnshire County Championships are using it this year, once an account has been created you are not just limited to events promoted by Humber but can enter any events visible on the Roster platform.
